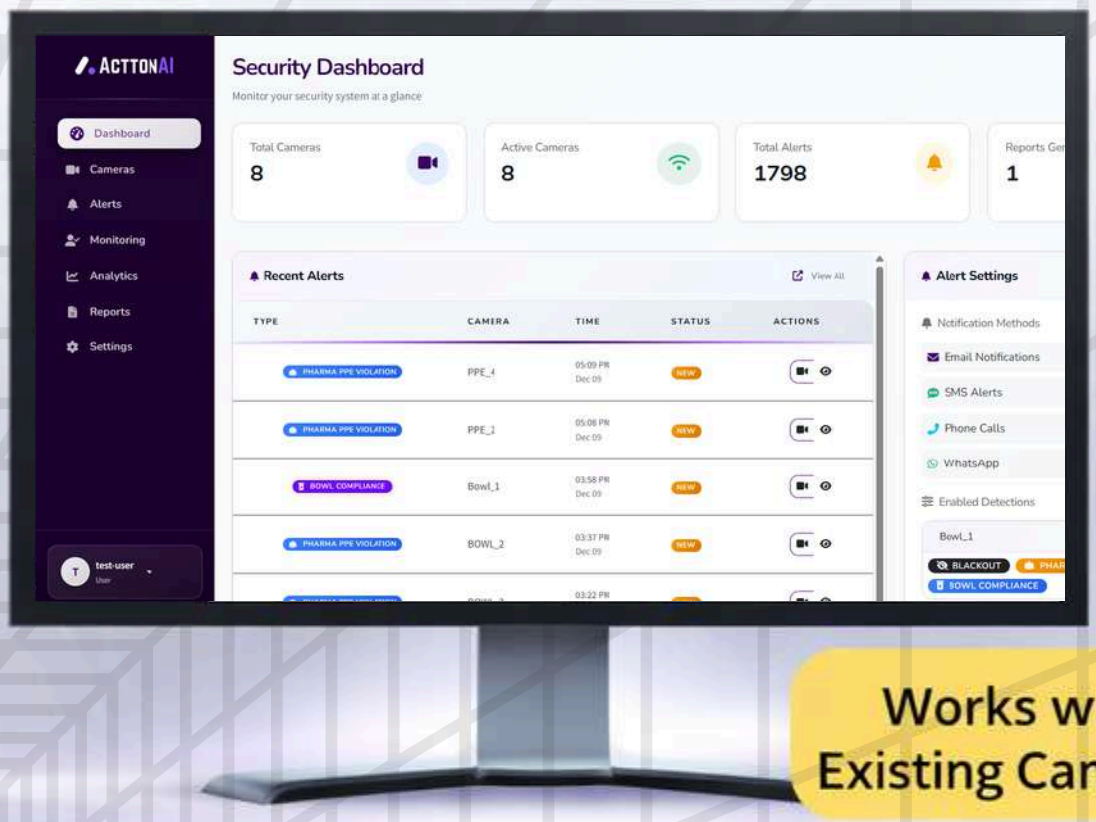
ACTTONAI

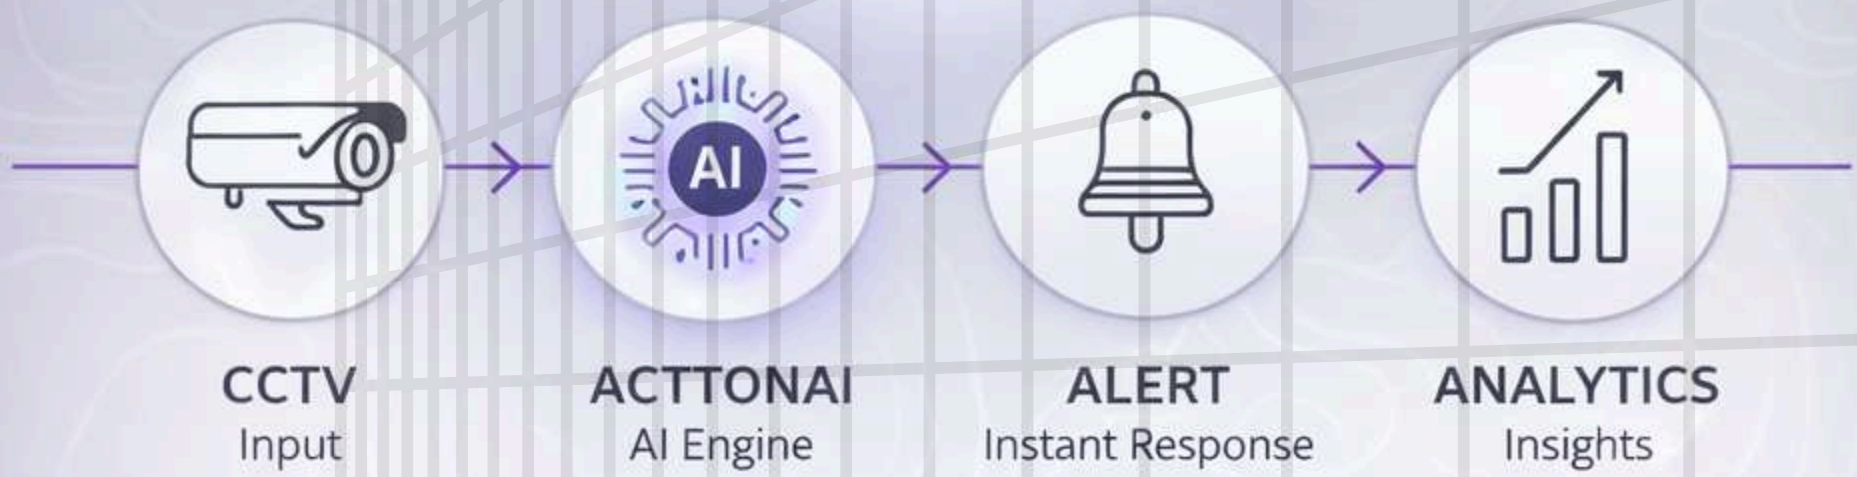
Transform Your CCTV into Intelligent Security

Real-time detection, instant alerts, and actionable analytics — without replacing your existing cameras.



Works with Existing Cameras

7-DAYS FREE TRIAL DEPLOYMENT



BUILT FOR RETAIL STORES, COMMERCIAL & SHOPPING CENTERS

connect@acttonai.com | www.acttonai.com | Pune, India

AI-POWERED VIDEO INTELLIGENCE FOR SAFER, SMARTER BUSINESS ENVIRONMENTS

ACTTONAI

ABOUT US

Transform traditional CCTV into an intelligent retail monitoring platform that detects safety violations, security threats, and operational inefficiencies in real time. Our AI-powered solutions help manufacturers enhance workplace safety, improve compliance, and optimize operations through seamless integration with existing infrastructure.

SEAMLESS INTEGRATION WITH EXISTING INFRASTRUCTURE.

40+ DETECTION MODULES

ON-SITE DEPLOYMENT

CUSTOMIZABLE SOLUTIONS

24/7 LIVE MONITORING

AI-POWERED VIDEO INTELLIGENCE FOR SAFER, SMARTER OPERATIONS

7-DAYS FREE PILOT DEPLOYMENT

STRENGTHEN OPERATIONAL INTELLIGENCE

- ELIMINATE BLIND SPOTS
- PREVENT ACCIDENTS BEFORE THEY HAPPEN
- BUILD SAFER WORKPLACES

SECURITY & SAFETY ALERTS

ACTTONAI

REAL-TIME THREAT DETECTION WITH INTELLIGENT ALERTS THAT PREVENT INCIDENTS BEFORE THEY ESCALATE.

FOOTFALL COUNTING

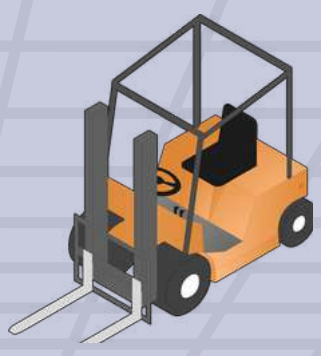
Accurate people counting and movement analysis for real-time insights

PHONE USAGE

Restricted area phone usage detected instantly

RESTRICTED AREAS

Emergency paths and walkways kept clear



FORKLIFT COMPLIANCE

Forklift red light and safety protocol enforcement enforcement

TRUCK COMPLIANCE

Tarpaulin cover and loading verification

COMPLIANCE & ACTIVITY TRACKING

WORKPLACE COMPLIANCE

ACTTONAI

ZONE-BASED MONITORING ENSURES SAFETY PROTOCOLS ARE FOLLOWED ACROSS YOUR ENTIRE FACILITY.

UNAUTHORIZED ENTRY

Instant detection of restricted access attempts

INTRUSION DETECTION

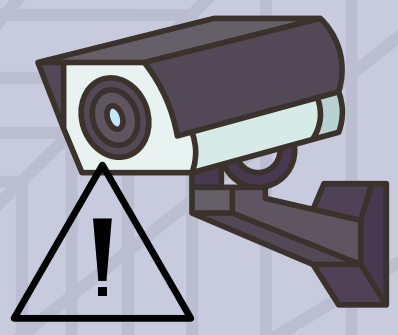
Loitering and suspicious activity alerts

GUARD MONITORING

Real-time guard presence, patrol verification, and shift compliance analytics.

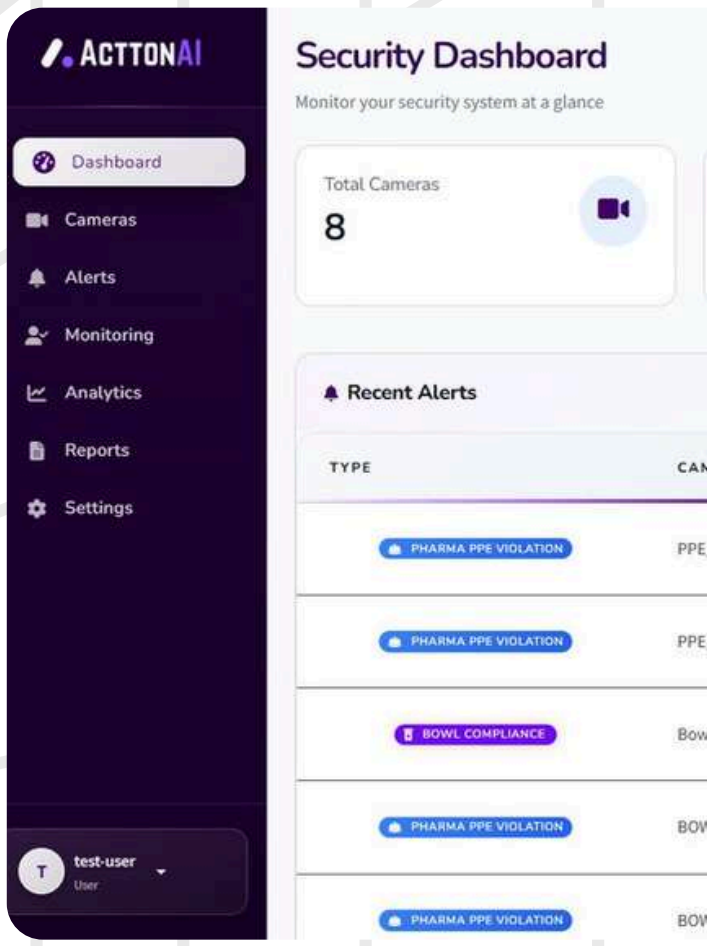
FALL DETECTION

Accident and hazard response alerts



CAMERA BLACKOUT

Obstruction and power failure monitoring

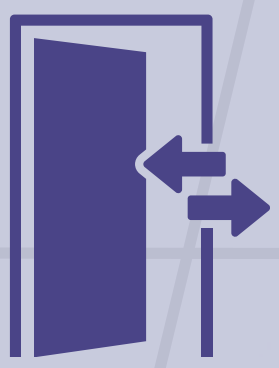


SECURITY DASHBOARD

EMPLOYEE & PRODUCTIVITY MONITORING

ACTTONAI

PRESENCE VERIFICATION AND WORKFORCE ANALYTICS FOR OPTIMIZED OPERATIONS.



ENTRY / EXIT LOGS

Attendance support and shift discipline tracking

PERSON TRACKING

Employee presence verification and audit trails

BREAK TIME TRACKING

Compliance verification against allowed time

PRODUCTIVITY METRICS

Workforce utilization and performance analytics

MACHINE STATE

Utilization, downtime, and usage patterns

MONITORING INTELLIGENCE

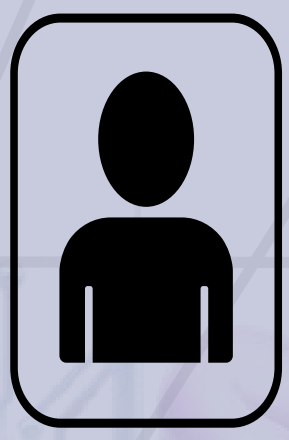
OPERATIONAL INTELLIGENCE

ACTTONAI

DATA-DRIVEN INSIGHTS THAT OPTIMIZE ENERGY, SPACE, AND RESOURCE UTILIZATION.

LICENSE PLATE RECOGNITION

Vehicle identification and access control



CROWD ANALYSIS

Density monitoring and capacity management

VEHICLE ENTRY/EXIT

Gate management and traffic flow analytics

BOX COUNTING

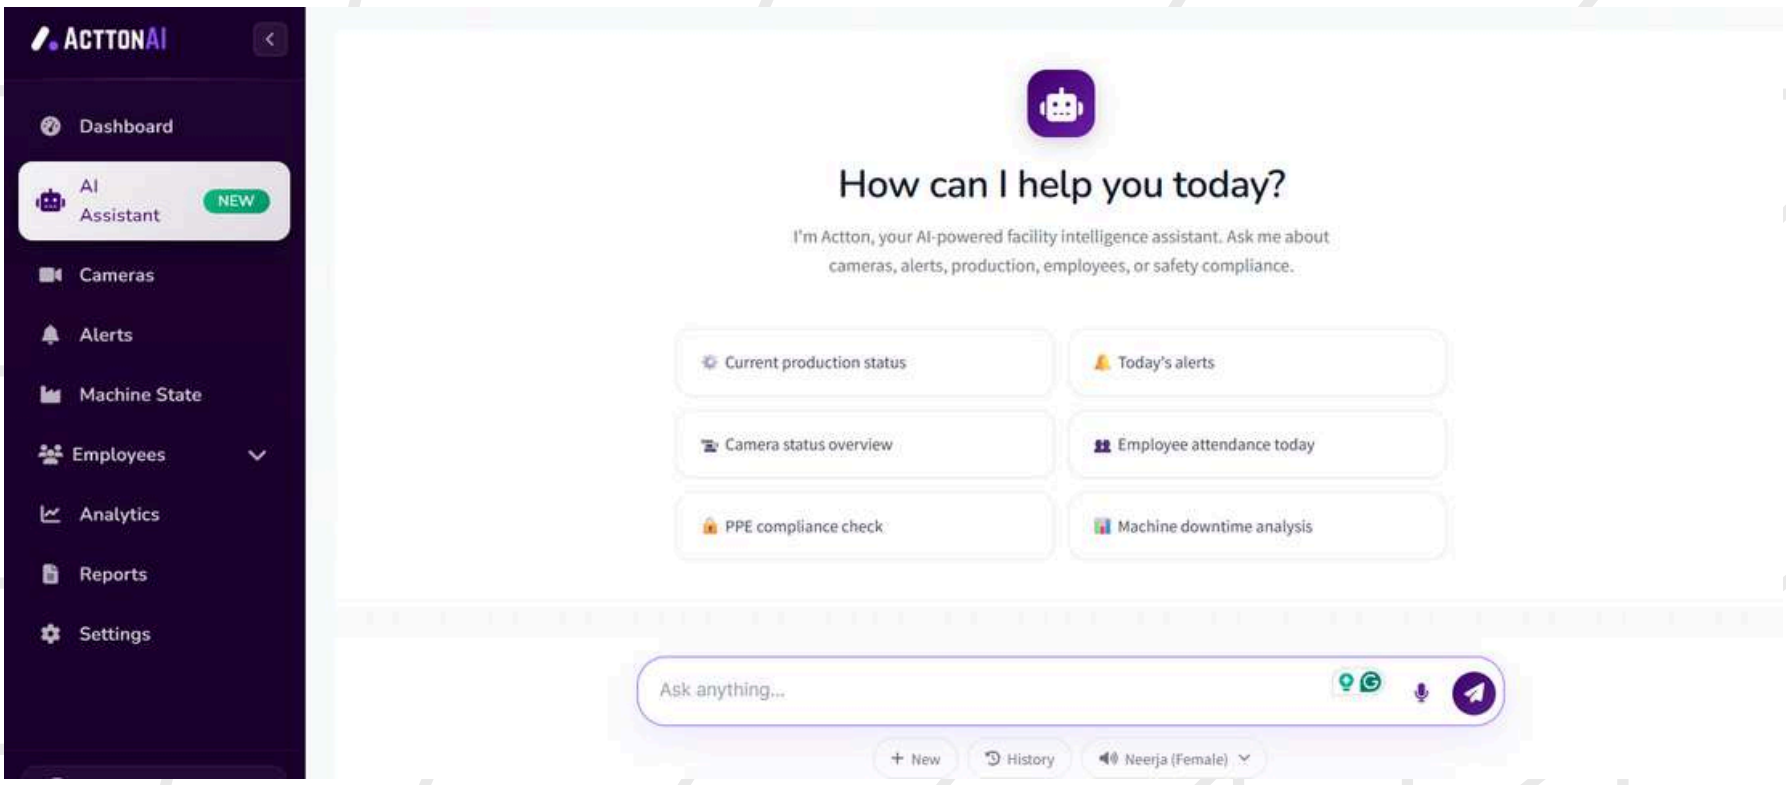
Counting of boxes moving through production lines, warehouses, and dispatch areas.

AUDIT EVIDENCE-LOG

ACTTON AI ASSISTANT

ACTTONAI

TURN COMPLEX OPERATIONAL DATA INTO INSTANT ANSWERS



INSTANT ANSWERS. FASTER DECISIONS. SAFER OPERATIONS.

Your Intelligent Operations & Safety Assistant

The Actton AI Agent is an enterprise-grade conversational AI that connects CCTV analytics, machine telemetry, compliance records, and operational systems into one intelligent interface.

Simply ask questions in natural language to instantly retrieve video evidence, machine diagnostics, safety incidents, workforce insights, and compliance reports—empowering teams to make faster, smarter, and safer decisions..

💬 **Ask. Analyze. Act.**

✔️ Natural Language Interaction

✔️ Instant Video & Incident Retrieval

✔️ Live Operational Intelligence

✔️ Automated Compliance Reporting

✔️ Enterprise-Ready & Scalable

ONE INTELLIGENT ASSISTANT COMPLETE OPERATIONAL VISIBILITY

HOW IT WORKS: FROM VISION TO ACTION

ACTTONAI

Camera Layer

CCTV and IP cameras enhanced with AI video analytics

Dashboard Layer

Centralized monitoring with live feeds and insights

Alerts Layer

Smart notifications with real-time prioritization

Action Layer

Decision supportand preventive measures

Employee Monitoring

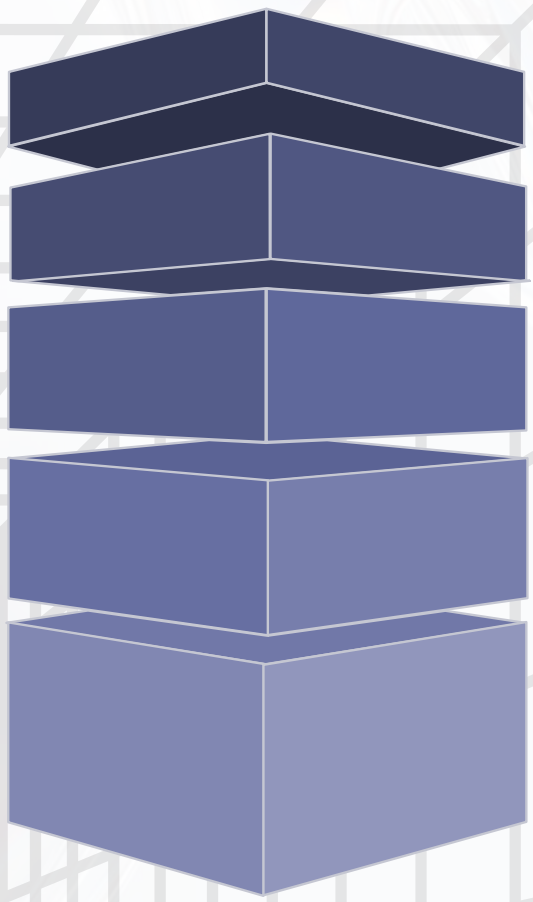
Presence , entry/exit,break time, productivity metrics.

Machine & Asset

Machine state,utilization, downtime, usage patterns.

Operational Intelligence

Energy, space,and resource optimization insights.



Safety & Access

License plates,confined space, hot work, vehicle flow.

From Vision to Action

Analytics to automated controls and workflows.

REAL-TIME INCIDENT PREVENTION

INDUSTRIES & APPLICATIONS

ACTTONAI

Manufacturing

Production floor safety and compliance monitoring

Oil & Gas

Hazardous area surveillance and protocol enforcement

Pharma

Sterile environment and regulatory compliance

Power & Energy

Infrastructure monitoring and security

Educational institutes

Campus Safety & Student Security

Jewellery stores

Emergency response and threat detection

Construction

Site safety and equipment monitoring

Logistics

Warehouse operations and cargo security

Retail

Loss prevention and customer flow analytics

Banking & Finance

ATM and premises security monitoring

Airports & Metro

Transit security and crowd management

ENTERPRISE-GRADE FEATURES

ACTTONAI

Future-Ready Platform

Modular design with regular AI model updates and upgradable capabilities as your needs evolve.

Fully Customizable

Tailored alerts, dashboards, and workflows designed for your specific operational needs.

Seamless Integration

Works with existing CCTV and IT systems. No costly hardware replacements required.

Scalable Architecture

Built for multi-camera, large-scale deployments across distributed locations of any size.

Alert vs. Log System Dual-mode:

Instant alerts for violations requiring action, structured logs for compliance reporting and audits.

Cost-Effective ROI

Maximize return on investment through energy savings, incident reduction, and efficiency gains.
