AI-POWERED VIDEO INTELLIGENCE FOR RESIDENTIAL COMMUNITIES & REAL ESTATE PROPERTIES

ACTTONAI

ABOUT US

Transform existing CCTV cameras into an intelligent security and monitoring platform that safeguards residents, visitors, common areas, parking facilities, and property assets in real time. ActtonAI enhances safety, strengthens access control, and delivers actionable insights without requiring any changes to existing surveillance infrastructure.

SEAMLESS INTEGRATION WITH EXISTING INFRASTRUCTURE.

24+ DETECTION MODULES

ON-SITE DEPLOYMENT

CUSTOMIZABLE SOLUTIONS

24/7 LIVE MONITORING

AI-POWERED SECURITY & MONITORING FOR RESIDENTIAL COMMUNITIES

7-DAYS FREE PILOT DEPLOYMENT

IMPROVE PROPERTY MANAGEMENT

- ELIMINATE BLIND SPOTS
- ENHANCE RESIDENT SAFETY
- BUILD SAFER COMMUNITIES

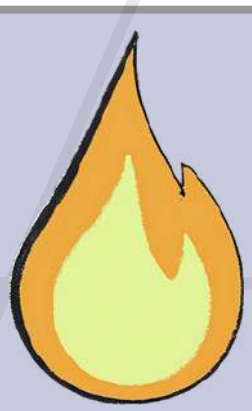
REAL-TIME SECURITY COMMAND CENTER

ACTTONAI

ZONE-BASED MONITORING ENSURES SAFETY ACROSS YOUR ENTIRE FACILITY.

UNAUTHORIZED PERSON DETECTION

Identify unknown individuals entering residential premises, corridors, restricted zones, or residential towers.



FIRE & SMOKE

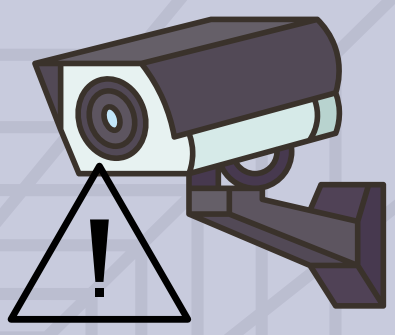
Receive immediate alerts when smoke or fire is detected within residential premises.

INTRUSION DETECTION

Detect unauthorized access to terraces, utility rooms, society boundaries, and restricted areas.

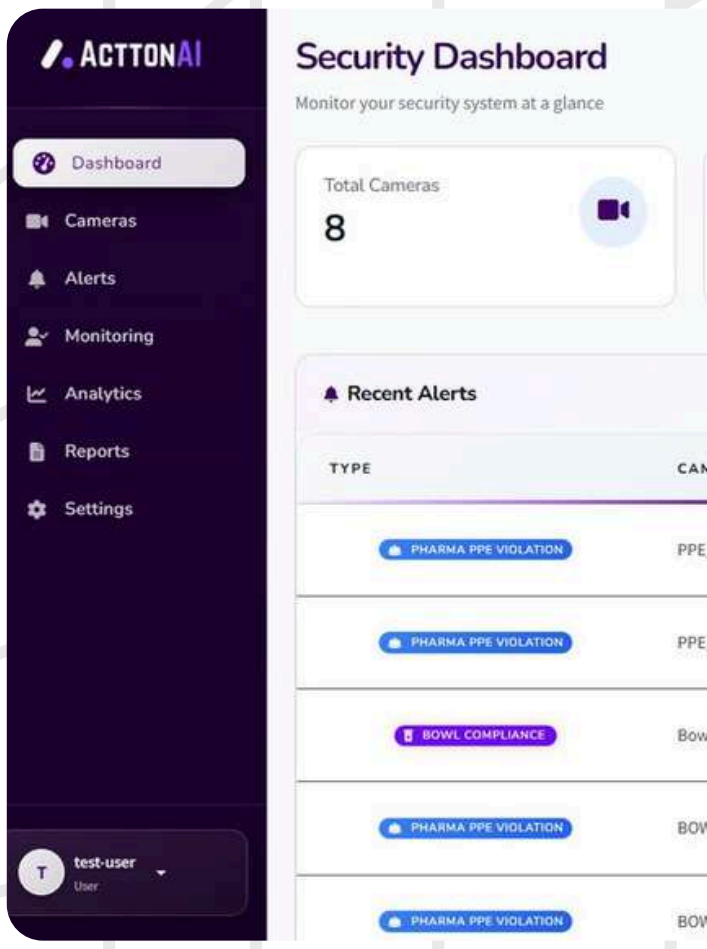
FALL DETECTION

Instantly detect falls involving elderly residents, children, or visitors and notify security teams.



CAMERA BLACKOUT

Identify camera tampering, obstruction, lens blockage, or loss of video feed



SECURITY DASHBOARD

SECURITY & SAFETY ALERTS

ACTTONAI

REAL-TIME THREAT DETECTION WITH INTELLIGENT ALERTS THAT PREVENT INCIDENTS BEFORE THEY ESCALATE.

FIGHT & VIOLENCE DETECTION

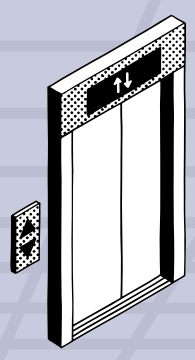
Automatically identify physical altercations, aggressive behavior, and suspicious activity for immediate intervention.

PHONE USAGE

Restricted area phone usage detected instantly

CROWD DETECTION

Monitor gatherings in lobbies, clubhouses, entrances, and common areas to prevent overcrowding.



LIFT & LOBBY MONITORING

Track movement patterns in lifts and high-traffic common areas.

GUARD MONITORING

Real-time guard presence, patrol verification, and shift compliance analytics.

COMPLIANCE & ACTIVITY TRACKING

AI-POWERED PARKING INTELLIGENCE

ACTTONAI

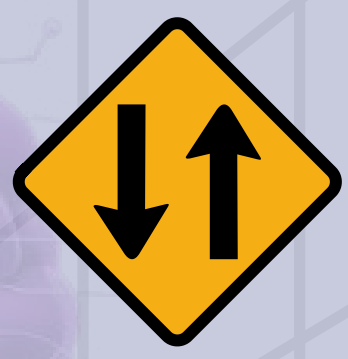
DATA-DRIVEN INSIGHTS THAT OPTIMIZE SPACE, AND RESOURCE UTILIZATION.

Visitor Vehicle Tracking

Maintain complete visitor vehicle records for enhanced security.

UNAUTHORIZED PARKING DETECTION

Identify vehicles parked in restricted or reserved zones.



VEHICLE ENTRY/EXIT

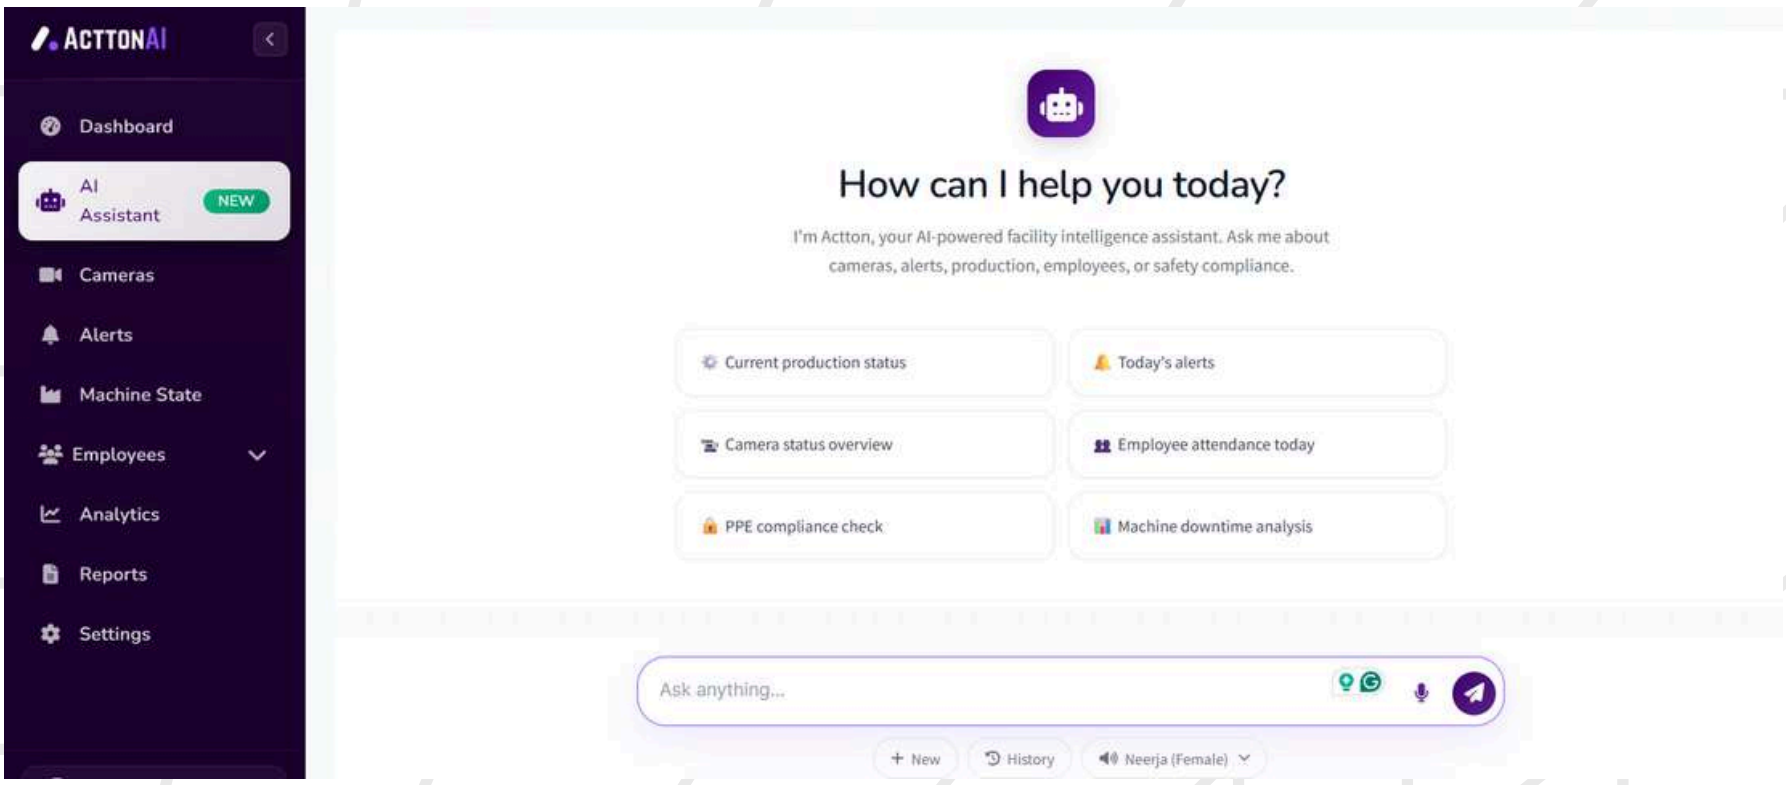
Maintain real-time vehicle movement records without manual intervention.

AUDIT EVIDENCE-LOG

ACTTONAI AGENT

ACTTONAI

TURN COMPLEX OPERATIONAL DATA INTO INSTANT ANSWERS



INSTANT ANSWERS. FASTER DECISIONS. SAFER OPERATIONS.

Your Intelligent Operations & Safety Assistant

The Actton AI Agent is an enterprise-grade conversational AI that connects CCTV analytics, machine telemetry, compliance records, and operational systems into one intelligent interface.

Simply ask questions in natural language to instantly retrieve video evidence, machine diagnostics, safety incidents, workforce insights, and compliance reports—empowering teams to make faster, smarter, and safer decisions..

💬 **Ask. Analyze. Act.**

✔️ Natural Language Interaction

✔️ Instant Video & Incident Retrieval

✔️ Live Operational Intelligence

✔️ Automated Compliance Reporting

✔️ Enterprise-Ready & Scalable

ONE INTELLIGENT ASSISTANT COMPLETE OPERATIONAL VISIBILITY

HOW IT WORKS: FROM VISION TO ACTION

ACTTONAI

Camera Layer

CCTV and IP cameras enhanced with AI video analytics

Dashboard Layer

Centralized monitoring with live feeds and insights

Alerts Layer

Smart notifications with real-time prioritization

Action Layer

Decision supportand preventive measures

Resident Safety

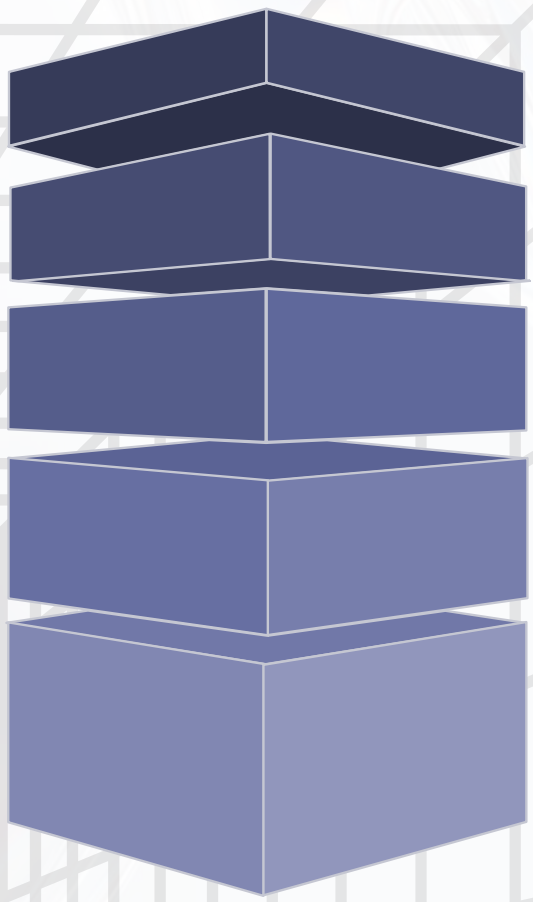
Fall Detection, Violence Detection, Emergency Monitoring

Parking Intelligence

ANPR, Parking Analytics,Vehicle Monitoring

From Vision to Action

Analytics to automated controls and workflows.



Visitor Management

Visitor Tracking , Unauthorized Entry Detection, Loitering Detection

Property Security

Intrusion Detection, Restricted Area Monitoring, Suspicious Activity Detection

REAL-TIME INCIDENT PREVENTION

INDUSTRIES & APPLICATIONS

ACTTONAI

Manufacturing

Production floor safety and compliance monitoring

Oil & Gas

Hazardous area surveillance and protocol enforcement

Pharma

Sterile environment and regulatory compliance

Power & Energy

Infrastructure monitoring and security

Smart Cities

Public safety and traffic management

Public Safety

Emergency response and threat detection

Construction

Site safety and equipment monitoring

Logistics

Warehouse operations and cargo security

Retail

Loss prevention and customer flow analytics

Banking & Finance

ATM and premises security monitoring

Airports & Metro

Transit security and crowd management

ENTERPRISE-GRADE FEATURES

ACTTONAI

Future-Ready Platform

Modular design with regular AI model updates and upgradable capabilities as your needs evolve.

Fully Customizable

Tailored alerts, dashboards, and workflows designed for your specific operational needs.

Seamless Integration

Works with existing CCTV and IT systems. No costly hardware replacements required.

Scalable Architecture

Built for multi-camera, large-scale deployments across distributed locations of any size.

Alert vs. Log System Dual-mode:

Instant alerts for violations requiring action, structured logs for compliance reporting and audits.

Cost-Effective ROI

Maximize return on investment through energy savings, incident reduction, and efficiency gains.
