ACTTONAI

Transforming Vision Into Intelligent Decisions

Enterprise AI Video Intelligence for
Manufacturing • Pharma • Logistics • Smart Infrastructure

Delivering AI-powered Computer Vision that transforms existing CCTV infrastructure into real-time operational intelligence, improving safety, compliance, security, and productivity.

ACTTONAI

About Actton AI

ActtonAI is an AI-powered video intelligence company helping industries transform their existing CCTV infrastructure into intelligent monitoring systems.

Our platform leverages Computer Vision and AI to deliver real-time safety monitoring, operational insights, and actionable alerts without requiring new cameras or hardware.

We convert traditional surveillance into actionable intelligence to improve workplace safety, enhance productivity, strengthen compliance, and enable faster decision-making.

AI Vision Platform

Advanced AI models for intelligent video understanding.

Existing CCTV Compatible

Works seamlessly with your current infrastructure.

Real-Time Alerts

Instant alerts for critical events to enable faster response.

Analytics Dashboard

Actionable insights and reports for better decision-making.

On-Premise Model

Data stays secure within your infrastructure.

AI-POWERED
Vision Intelligence

REAL-TIME
Monitoring & Alerts

NO NEW HARDWARE
Works with Existing CCTV

ACTTONAI

OUR PURPOSE

Our Vision

To become the global standard for proactive site intelligence, turning every passive surveillance camera into a smart agent for safety and security.

Our Mission

To empower industries and organizations with accessible, reliable, and highly-accurate artificial intelligence that prevents accidents, detects threats instantly, and automates safety audits without capital expenditure.

OUR CORE VALUES

Innovation

Constantly evolving AI solutions to solve real-world industrial challenges.

Reliability

Delivering dependable AI solutions that perform in critical environments.

Trust

Building long-term partnerships through transparency and reliability.

Customer Success

Helping customers improve safety, productivity, and operational excellence.

THE CHALLENGE

Smarter Vision for Safer Operations

SAFER WORKPLACES

Prevent risks

FASTER RESPONSE

Act in real-time

CLEAR INSIGHTS

Focus on what matters

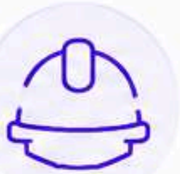

GREATER CONFIDENCE

Operate with assurance

> *See it. **Know it.** Stop it.*

Transforming CCTV into Intelligent Monitoring

AI-powered capabilities that enhance safety, security, and operational efficiency across your manufacturing operations.

PPE Compliance

Ensure workers follow PPE requirements at all times.

Intrusion Detection

Detect unauthorized entry in restricted areas.

Unauthorized Access

Prevent unauthorized access to sensitive or restricted areas.

Mobile Phone Usage

Detect and prevent unsafe phone usage in prohibited zones.

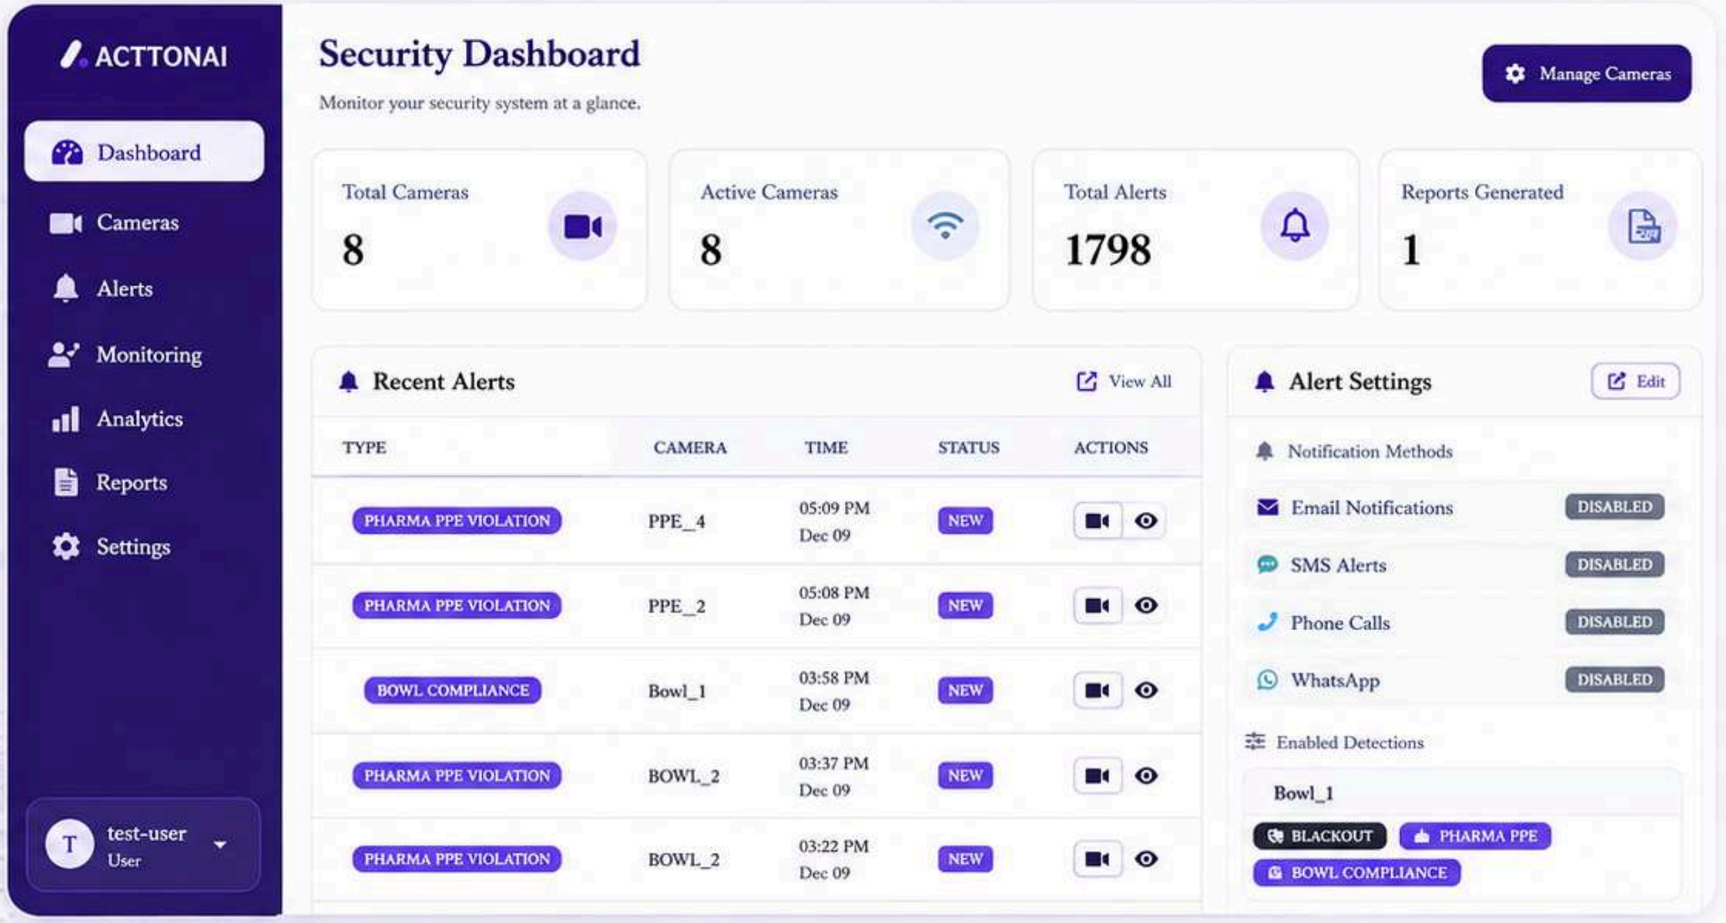

And **41+** more intelligent features to power your operations.

ACTTONAI

ActtonAI Vision Intelligence Platform

AI-powered surveillance that transforms existing CCTV cameras into intelligent monitoring systems.

Enterprise Grade
Secure. Scalable. Reliable.

Transform Existing CCTV
No new hardware.
Work with your current cameras.

AI-Powered Intelligence
Detect, analyze & alert
in real-time.

Smarter Decision Making
Actionable insights that improve
safety & efficiency.

Enterprise Security
Built for reliability,
privacy & scalability.

ACTTONAI

INDUSTRIES WE SERVE

Delivering AI-powered Video Intelligence across industries to improve safety and operations.

Manufacturing

- PPE Compliance
- Machine Monitoring
- Safety Zone Detection

Pharmaceutical

- GMP Compliance
- Cleanroom Monitoring
- Restricted Area Access

Logistics

- Vehicle Tracking
- Dock Monitoring
- Yard Safety

Warehousing

- Forklift Safety
- Inventory Visibility
- Unauthorized Access Detection

Smart Infrastructure

- Crowd Analytics
- Perimeter Security
- Traffic Monitoring

Construction

- PPE Detection
- Fall Risk Monitoring
- Equipment Zone Monitoring

One AI Platform. Multiple Industries. Unlimited Possibilities.

BUSINESS BENEFITS & ROI

Transforming video data into measurable business outcomes.

Improved Workplace Safety

Detect unsafe behavior in real time, helping reduce incidents and strengthen workplace compliance.

Faster Incident Response

Receive instant alerts that enable teams to act quickly and minimize operational disruptions.

Data-Driven Decision Making

Convert surveillance footage into actionable insights for improving productivity and operational efficiency.

Maximize Existing Investments

Leverage your current CCTV infrastructure without costly hardware replacement, reducing deployment costs.

AI that delivers measurable operational value—not just surveillance.

ACTTONAI

Achievements & Strategic Partners

Recognized and supported by leading innovation ecosystems driving technology and entrepreneurship.

OUR ACHIEVEMENTS

DPIIT Recognized Startup

Recognized by DPIIT for innovation-led entrepreneurship and technology development.

DST Funded Startup

Supported by DST initiatives promoting research, innovation, and emerging technologies.

Incubated at CIBA

Part of the CIBA incubation ecosystem supporting startup growth and innovation.

STPI Accelerator Cohort

Selected for the STPI accelerator program focused on scaling technology ventures.
