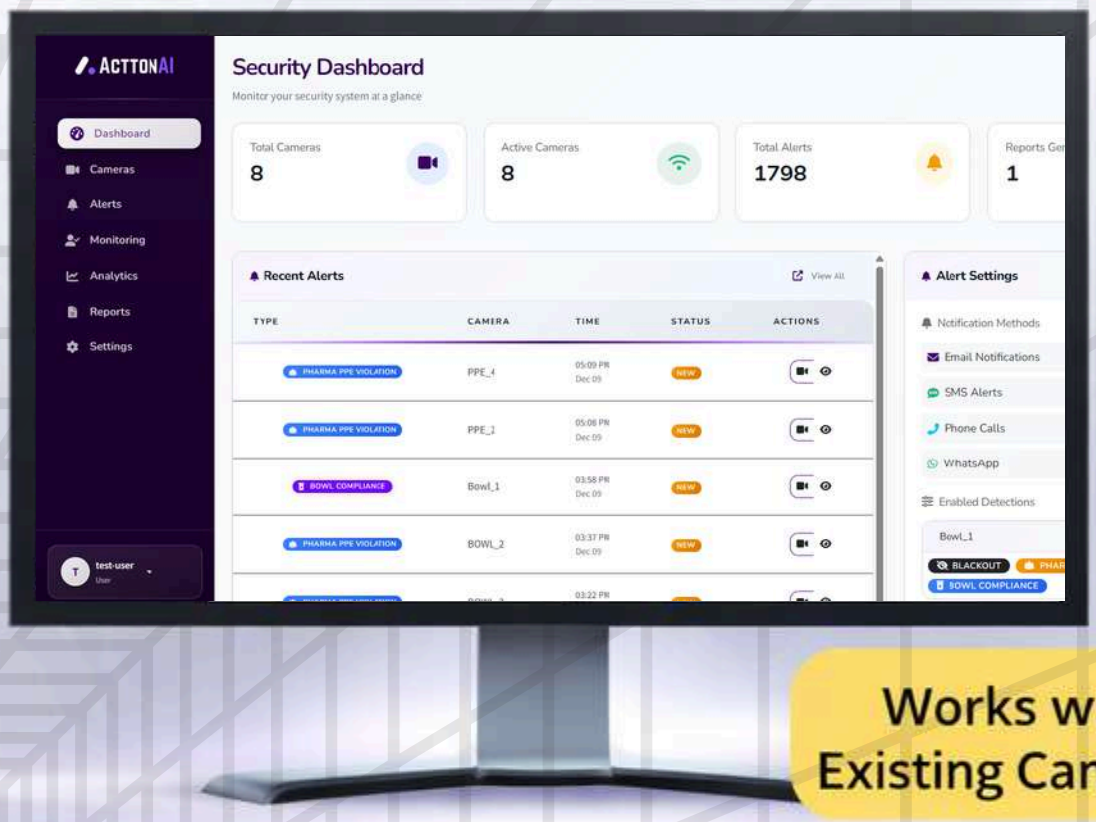
ACTTONAI

Transform Your CCTV into Intelligent Security

Real-time detection, instant alerts, and actionable analytics — without replacing your existing cameras.



Works with Existing Cameras

7-DAYS FREE TRIAL DEPLOYMENT

BUILT FOR INSTITUTIONS, UNIVERSITIES AND SMART CAMPUSES

connect@acttonai.com | www.acttonai.com | Pune, India

AI-POWERED VIDEO INTELLIGENCE FOR INSTITUTIONS & SMART CAMPUSES

ACTTONAI

ABOUT US

Transform traditional CCTV into an intelligent campus monitoring platform that enhances student safety, strengthens security, and improves operational efficiency in real time. Our AI-powered solutions help educational institutions create safer, smarter, and more connected learning environments through seamless integration with existing infrastructure.

SEAMLESS INTEGRATION WITH EXISTING INFRASTRUCTURE.

40+ DETECTION MODULES

ON-SITE DEPLOYMENT

CUSTOMIZABLE SOLUTIONS

24/7 LIVE MONITORING

AI-POWERED VIDEO INTELLIGENCE FOR SAFER, SMARTER OPERATIONS

7-DAYS FREE PILOT DEPLOYMENT

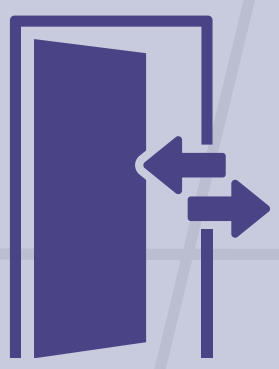
STRENGTHEN OPERATIONAL INTELLIGENCE

- ELIMINATE BLIND SPOTS
- PREVENT ACCIDENTS BEFORE THEY HAPPEN
- BUILD SAFER WORKPLACES

DISCIPLINE & POLICY ENFORCEMENT

ACTTONAI

AUTOMATED ENFORCEMENT OF CAMPUS RULES WITHOUT MANUAL SUPERVISION



ENTRY / EXIT LOGS

Maintains accurate, timestamped records of staff movement across campus with snapshot-based verification.

PHONE USAGE

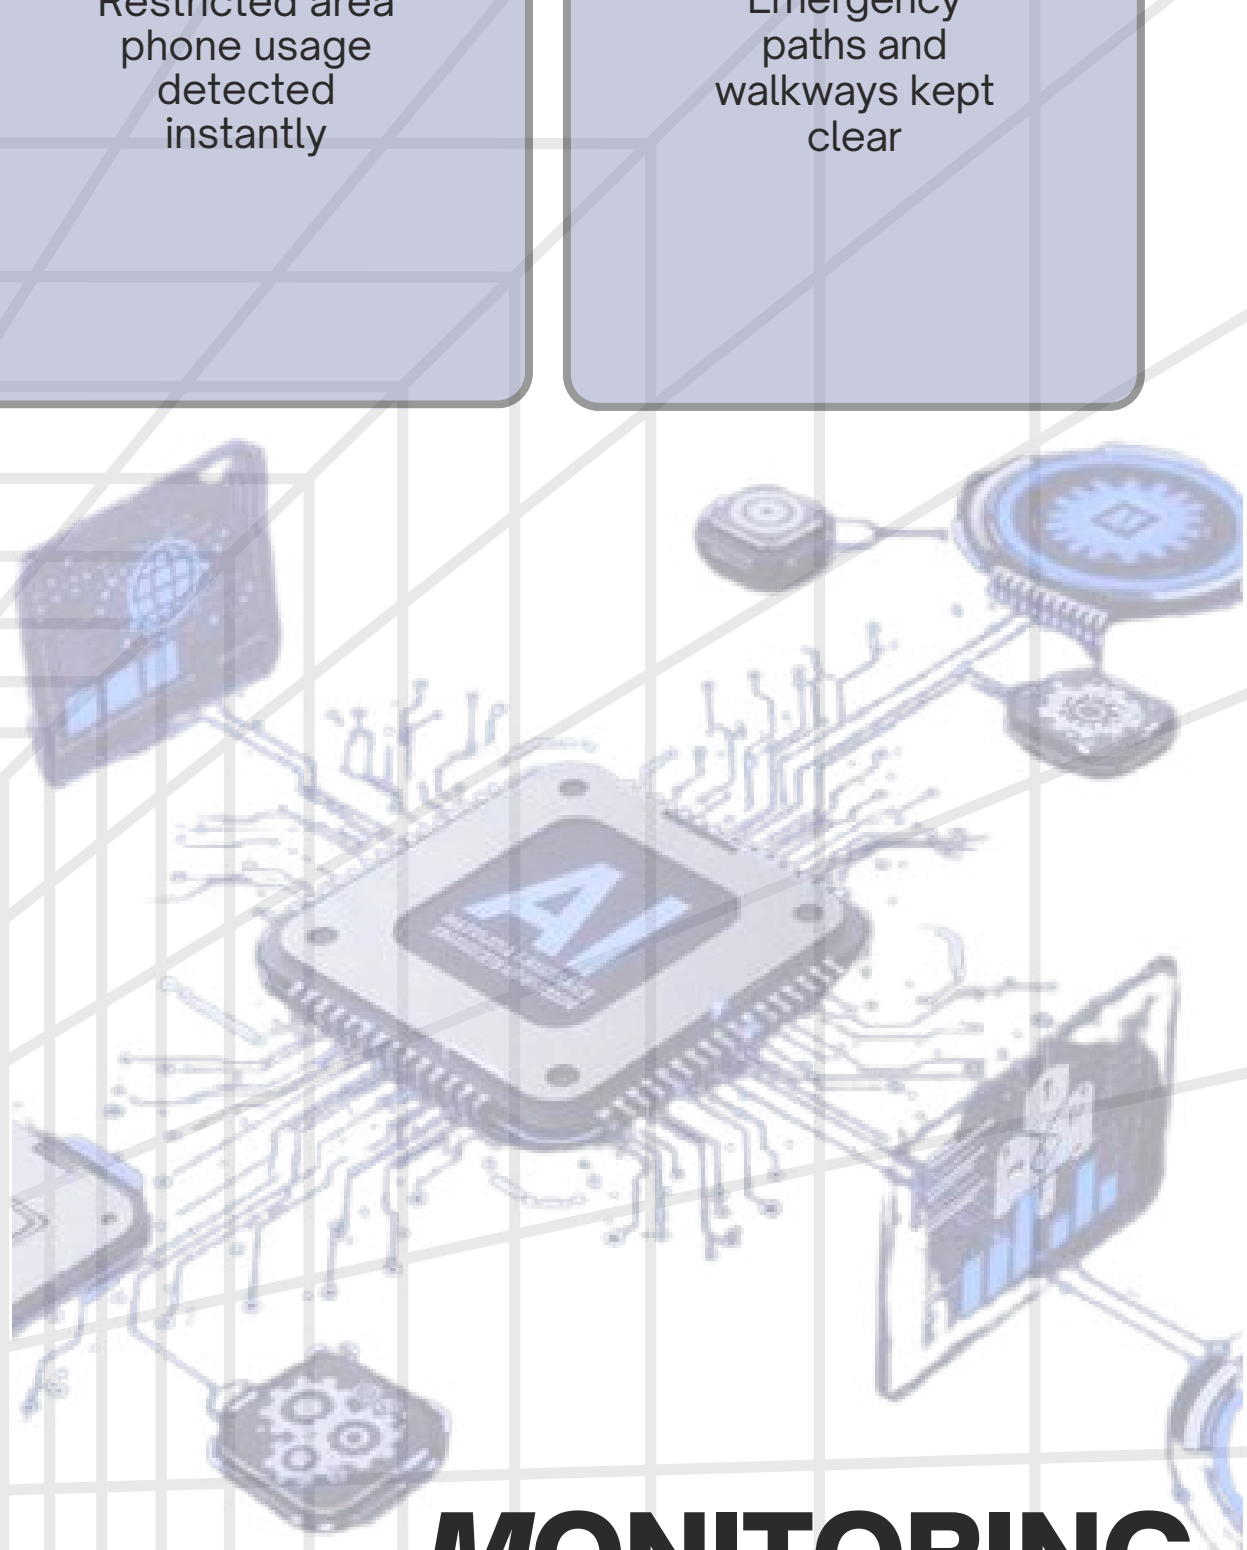
Restricted area phone usage detected instantly

RESTRICTED AREAS

Emergency paths and walkways kept clear

GUARD MONITORING

Real-time guard presence, patrol verification, and shift compliance analytics.



MONITORING INTELLIGENCE

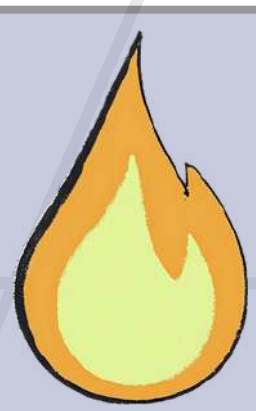
STUDENT SAFETY & SECURITY

ACTTONAI

ZONE-BASED MONITORING ENSURES SAFETY PROTOCOLS ARE FOLLOWED ACROSS YOUR ENTIRE FACILITY.

UNAUTHORIZED ENTRY

Instantly identifies and alerts when any individual enters restricted areas such as labs, offices, or staff-only zones.



FIRE & SMOKE

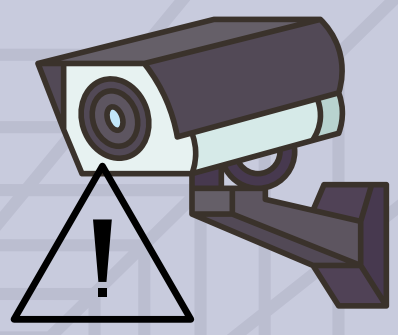
Provides early warning alerts for fire or smoke in critical areas like labs, electrical rooms, and canteens.

INTRUSION DETECTION

Monitors campus premises after school hours to detect suspicious activity or unauthorized presence.

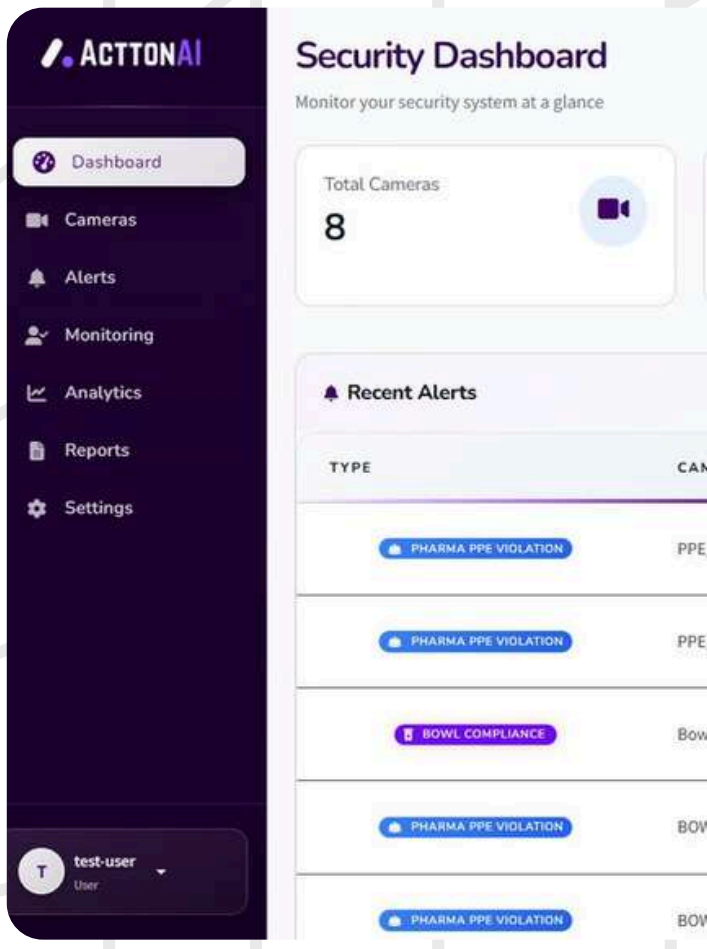
FALL DETECTION

Detects accidental falls in corridors, staircases, and playgrounds, enabling rapid response to student emergencies.



CAMERA BLACKOUT

Obstruction and power failure monitoring



SECURITY DASHBOARD

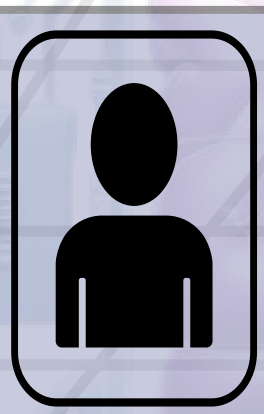
SMART PARKING MANAGEMENT (ANPR) & CAMPUS MONITORING

ACTTONAI

DATA-DRIVEN INSIGHTS THAT OPTIMIZE ENERGY, SPACE, AND RESOURCE UTILIZATION.

VEHICLE ENTRY/EXIT

Captures and logs vehicle number plates at entry and exit points with timestamps and snapshots.



CROWD ANALYSIS

Tracks crowd levels in areas like canteens, corridors, and assembly grounds to prevent overcrowding

FOOTFALL COUNTING

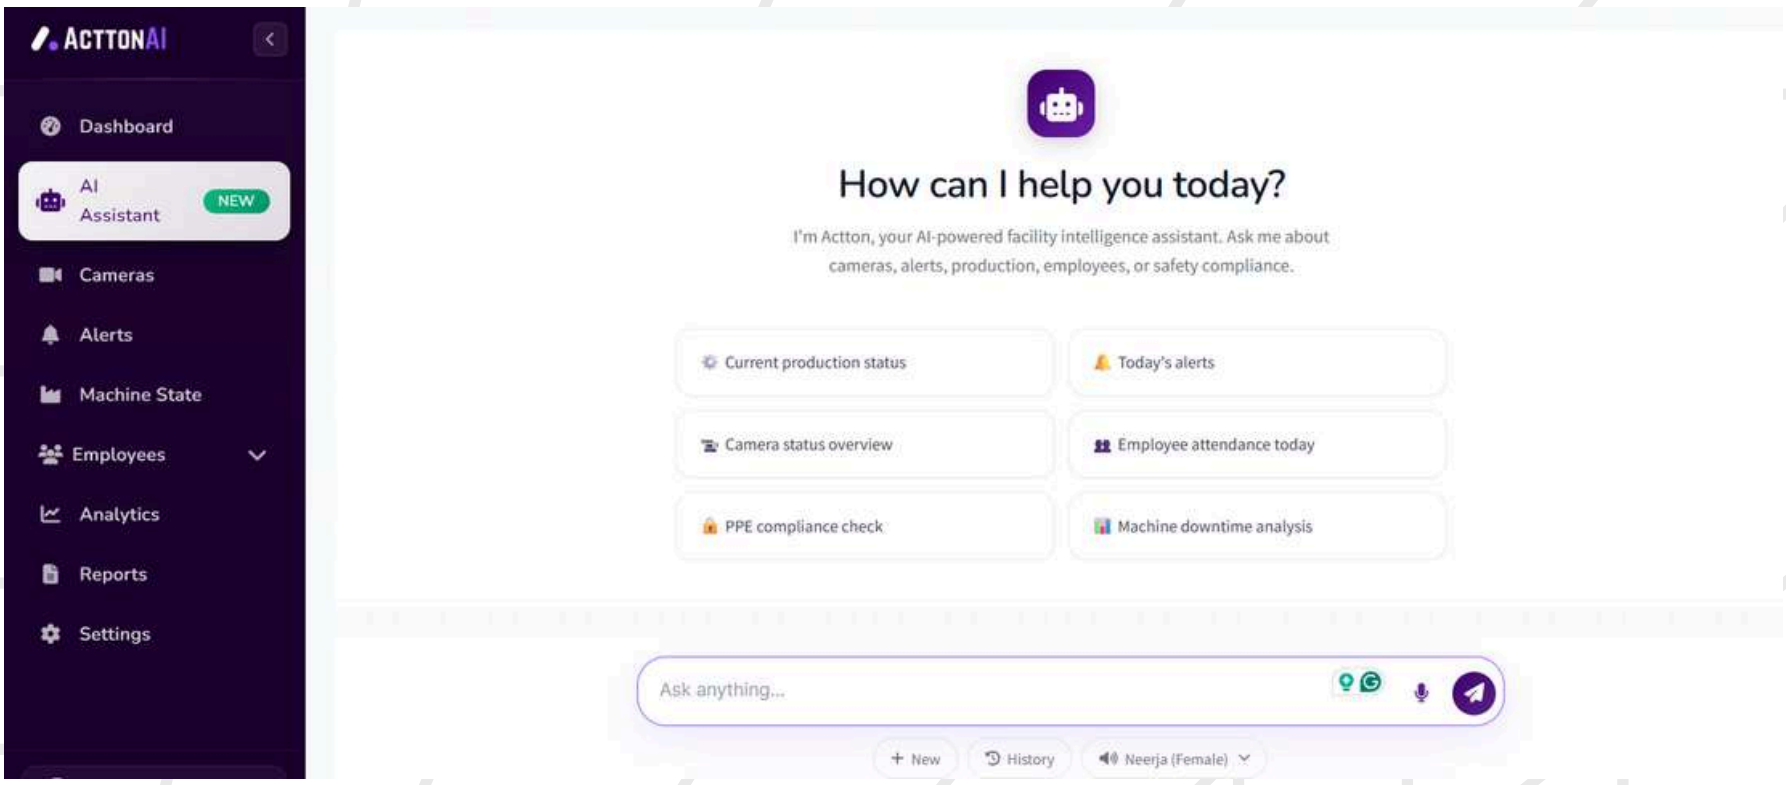
Accurate people counting and movement analysis for real-time footfall insights

AUDIT EVIDENCE-LOG

ACTTONAI AGENT

ACTTONAI

TURN COMPLEX OPERATIONAL DATA INTO INSTANT ANSWERS



INSTANT ANSWERS. FASTER DECISIONS. SAFER OPERATIONS.

Your Intelligent Operations & Safety Assistant

The Actton AI Agent is an enterprise-grade conversational AI that connects CCTV analytics, machine telemetry, compliance records, and operational systems into one intelligent interface.

Simply ask questions in natural language to instantly retrieve video evidence, machine diagnostics, safety incidents, workforce insights, and compliance reports—empowering teams to make faster, smarter, and safer decisions..

💬 **Ask. Analyze. Act.**

✔️ Natural Language Interaction

✔️ Instant Video & Incident Retrieval

✔️ Live Operational Intelligence

✔️ Automated Compliance Reporting

✔️ Enterprise-Ready & Scalable

ONE INTELLIGENT ASSISTANT COMPLETE OPERATIONAL VISIBILITY

HOW IT WORKS: FROM VISION TO ACTION

ACTTONAI

Camera Layer

CCTV and IP cameras enhanced with AI video analytics

Dashboard Layer

Centralized monitoring with live feeds and insights

Alerts Layer

Smart notifications with real-time prioritization

Action Layer

Decision supportand preventive measures

Classroom Monitoring

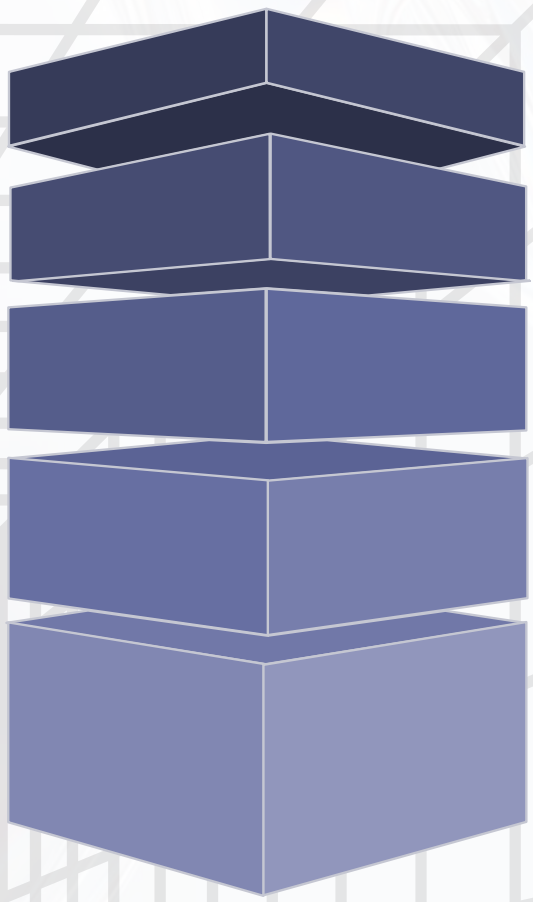
Presence, entry/exit, break time, productivity metrics.

Staff Activity Tracking

Monitor staff activity

Campus Access & Parking

Confined space, students, staff, vehicle flow.



Safety & Access

Safety compliance, space,and resource optimization insights.

From Vision to Action

Analytics to automated controls and workflows.

REAL-TIME INCIDENT PREVENTION

INDUSTRIES & APPLICATIONS

ACTTONAI

Manufacturing

Production floor safety and compliance monitoring

Oil & Gas

Hazardous area surveillance and protocol enforcement

Pharma

Sterile environment and regulatory compliance

Power & Energy

Infrastructure monitoring and security

Smart Cities

Public safety and traffic management

Public Safety

Emergency response and threat detection

Construction

Site safety and equipment monitoring

Logistics

Warehouse operations and cargo security

Retail

Loss prevention and customer flow analytics

Banking & Finance

ATM and premises security monitoring

Airports & Metro

Transit security and crowd management

ENTERPRISE-GRADE FEATURES

ACTTONAI

Future-Ready Platform

Modular design with regular AI model updates and upgradable capabilities as your needs evolve.

Fully Customizable

Tailored alerts, dashboards, and workflows designed for your specific operational needs.

Seamless Integration

Works with existing CCTV and IT systems. No costly hardware replacements required.

Scalable Architecture

Built for multi-camera, large-scale deployments across distributed locations of any size.

Alert vs. Log System Dual-mode:

Instant alerts for violations requiring action, structured logs for compliance reporting and audits.

Cost-Effective ROI

Maximize return on investment through energy savings, incident reduction, and efficiency gains.
